INCREASED ENROLLMENT

NORMAL STUDENTS NUMBER 300
WITH MORE YET TO COME.
FORMAL OPENING TODAY

The normal was formally opened this morning with a large attendance at the chapel hour. Rev. M. B. Molloy conducted the chapel exercises.

The enrollment in the normal proper is about 300, which is fully fifty per cent greater than it ever before opened with. It is known that fully fifty more students are in the city yet to be enrolled, and every train brings still more. In view of the fact that Ada maintains a High school, instead of sending all above the seventh or eighth grade to the normal, as is done at other places this is a remarkable showing. The training department has enrolled 104, which is the limit. No others will be admitted to that department.

Out of over sixty who were given eighth grade diplomas in the Ada

public schools at the close of the last session, only eight are enrolled in the normal, a fact that refutes the statement by the enemies of the normals that they are little more than high schools maintained for the towns in which they are located.

THIS DATE IN HISTORY

September 9.

1513—James IV. of Scotland and 10,000 of his followers slain by the English in the battle of Flodden Field.

1609—Henry Hudson in the "Half Moon" arrived in New York harbor.

1737—Luigi Galvani, discoverer of Galvanism, born. Died Dec. 4, 1798.

1840—Great fair opened in Boston for the benefit of the Bunker Hill Monument fund.

1846—John Y. Mason of Virginia became Secretary of the Navy.

1850—California admitted to statehood.

1853—The remnant of the famous table rock at Niagara Falls broke off and tumbled into the abyss with a tremendous crash.

1874—Colorado for the first time went democratic.

1891—M. Jules Grevy, ex-president of France, died. Born Aug. 15, 1807.

1912—William T. Haines, Republican, elected governor of Maine.

12 MILES OF STEEL ON NEW RAILROAD

Ardmore, Ok., Sept. 9.—The rails of the Ringling railroad are laid to a point twelve miles west of the city and will be at Hewitt before the last of the week. The grading camps are three miles west of Hewitt between that place and Joiner. President Hamon left Friday night for St. Paul, Minn., on business for the company. He will be absent from his post for several days. There is much interest being manifested over the proposition of extending the line from Ardmore to Sherman and the citizens of both places are anxiously awaiting Mr. Ringling's decision in the matter after he makes a personal inspection of the territory to be traversed by this proposed route.

JUDGE BELIEVES LONG WALKS KEEP HIM YOUNG

Spokane, Wash., Sept. 9.—Judge E. H. Sullivan, presiding judge of the superior courts of Spokane county, believes he has discovered the much sought fountain of youth. It is not a fountain of water or of any other beverage, according to this 63-year old jurist, but is a daily walk of from five to six miles. His face bronzed by a 100-mile hike through a rugged section of Clallam county, in western Washington, Judge Sullivan returned to Spokane from his vacation this week, declaring that he had spent the most enjoyable vacation of his life. "I do not care for a horse or a railroad train when I wish to travel and have plenty of time," said the judge on his return to the courthouse. "I believe that if a man expects to remain young he should take a good long walk every yday. That I may not begin to age I have made a habit of walking from five to six miles a day. I expect to continue this practice, as I believe one can not keep young unless he indulges in plenty of this sort of exercise."

WEATHER FEELS MORE LIKE FALL IS HERE

The local showers have had the effect of reducing the temperature to a marked degree; almost like fall had set in. On Monday the thermometer registered a minimum of 37 and a maximum of 69. Today has also been unusually pleasant.

Dandy 4-room house, 100 feet frontage, sidewalks, barn, fruit, excellent water, and a good concrete cellar for only \$825.00. Address, Box 926, Ada. 131-d&w-1f

STONEWALL VISITED BY GOOD RAIN YESTERDAY

A heavy rain fell at Stonewall Sunday and Monday afternoon. Enough fell to put out considerable stock water, the want of which was beginning to be badly felt.

NEGRO IS SAVED FROM ANGRY MOB

Guthrie, Okla., Sept. 8.—Sheriff John Mahoney returned to Guthrie at noon Monday, having lodged Lou Green, negro slayer of Patrolmen Lon Muzlow and I. H. Caldwell, in a northern county jail, but refused to state in what city.

Sheriff Mahoney said he and his prisoner had a thrilling all-night flight to escape a posse of Guthrie and sympathetic country citizens, who followed in automobiles and on horse back, determined to lynch the negro should he be overtaken. Shortly after day break the sheriff said he flagged the northbound Santa Fe near Perry and soon was beyond pursuit.

According to Sheriff Mahoney, Green made a complete confession of the killing, saying the officers had raided him so frequently he had become exasperated and when Muzlow hit him over the head in attempting arrest, pulled an automatic and began firing. After Green had shot both men to death, he is said to have beaten Caldwell with the policeman's own

stick in retaliation of a blow at the hands of the officer some months ago during a raid.

County officials say they will bring Green here for trial as soon as danger from mob violence is passed.

The city was comparatively quiet Monday following the stirring scenes of Sunday, but the plan of ridding Guthrie of all "undesirables" is being put into effect.

Admission Day in California.

San Francisco, Calif., Sept. 9.—Admission Day, the sixty-third anniversary of California's entrance into the Union, was celebrated in the customary manner throughout the state today. Public offices, banks and many business houses were closed in the larger cities. Athletics and outdoor sports figured prominently on the celebration program. The Pacific association track and field championships were held this afternoon at the University of California. At Oakland delegates from all over the State gathered for the annual convention of the Native Daughters and Native Sons of the Golden West.

Civic and Cemetery Assn.
will meet Wednesday afternoon at 4 o'clock at L. T. Walter's store.

BORAH WAIVES PRELIMINARY

Tishomingo, Okla., Sept. 8.—W. A. Borah, who is under arrest charged with the murder of his wife and 12-year-old daughter, Gwendolyn, in this city on the morning of August 30, was taken to Mannsville Monday morning for an examining trial. Borah pleaded not guilty and waived preliminary hearing.

The party went to Mannsville in automobiles and so swift was the action of the officers in charge that scarcely any one in the city knew about the proceedings until all was over. The officers present were County Attorney C. F. Leflore, Sheriff Williams, Borah and his attorney.

It is reported here that Borah was taken to some jail other than Ardmore, as the sheriff of Carter county had refused to take charge of the prisoner. Current reports here say that several letters have been written District Judge Rainey of Atoka asking that a speedy trial be held.

Officers expect to secure some strong evidence when the case is brought to trial from Miss Ethel Hwey, a young woman at Wichita, Kan., to whom it is alleged, Borah was engaged to be married. The young woman has expressed her willingness to tell a jury of her relations with Borah, and it is expected that this will provide the motive for Borah's alleged crime.

SCHOOL OPENS NEXT MONDAY

We have always made a specialty of general school supplies at especially low prices. Look through our big line of tablets at 5c. Good soft grade lead pencils, 2 for 5c. Everything in souvenir post cards, at 1c. Composition books, ink, muscelage, paste, colored crayons, book straps, book satchels, etc., at 5c up. Also a full line of the adopted school books.

Student Voters to Trial.

Fulton, Mo., Sept. 9.—Over-anxiety to elect one of their professors to the city council is said to be responsible for the predicament of seven students of the University of Missouri who were arraigned in the Callaway County Circuit Court here today to stand trial on charges of illegal voting. The case was brought here on change of venue from Columbia, the university seat. It is charged that illegal voting has been carried on among the students of the state university for several years, and it is believed the present prosecution is the first step toward stopping it.

Marvin Brown was called back to Aurora, Mo., today by a message telling him that the wife of one of his associates was at the point of death and that he was needed at the office.

There is one thing about the Ada normal of which all concerned may be proud. It has never padded its enrollment for the purpose of making a big showing on paper. Its entire enrollment has always been bona fide and since Ada maintains a High school, instead of turning all above the eighth grade into the normal its total number of pupils does not show up as well on paper as do some of the others, but its reputation for thorough work is spreading abroad and a diploma from this school is coming to be recognized as a fine recommendation. Merit counts after a time and all tricksters are eventually exposed and their methods held up to scorn.

"This Is My 63rd Birthday"—Rienzi M. Johnston.
Rienzi M. Johnston, who served in the United States senate for a short time last winter by appointment of Governor Colquitt of Texas to fill the unexpired term of Senator Joseph W. Bailey, was born in Sandersville, Ga., Sept. 9, 1850, and received his education in the public schools of his native state. Before his fifteenth birthday he enlisted as a private in the Confederate States army and served for two years. In early manhood he moved to Texas, where he has since been more or less prominent in politics and in newspaper fields. For a number of years past he has been the editor and one of the principal owners of the Houston Post. In 1898 Mr. Johnston declined the democratic nomination for lieutenant-governor of Texas.

Congratulations to:
Sir Edgar Speyer, noted banker and philanthropist, 51 years old today.
Dr. James H. Kirkland, chancellor of Vanderbilt University, 54 years old today.

READY TO TRY GEORGE BIXBY

Los Angeles, Cal., Sept. 9.—With the trial of George H. Bixby scheduled to begin in the Superior Court day after tomorrow, a lively public interest has been revived in the case of the Long Beach millionaire who is to face the bar on charges of having contributed to the delinquency of young girls. Evidence of a highly sensational nature is expected at the trial. Since early summer the lawyers for Mr. Bixby have been gathering evidence to aid in the defense and they declare that when the case is concluded public opinion will be entirely on the side of their client.

The arrest and indictment of Bixby resulted from a police raid last spring on the fashionable "Jonquil" apartment house in Long Beach. The house was run by Mrs. Josie Rosenberg, who was indicted on a charge of pandering. The grand jury took up the matter of allegations that wealthy men had an organized system of ensnaring girls and young women for impudicous patron of the "Jonquil" declared to be the center of the nefarious traffic. "Millionaire Bixby was alleged to have been the most conspicuous patron of the "Jonquil" where he was familiarly known as "the Black Pearl."

Bixby was indicted principally on the evidence of several girls and young women whom he is said to have met at Mrs. Rosenberg's establishment. One of these was a youthful motion picture actress whose charges initiated the sensational white slavery investigation. As a sequel to the indictment of Bixby, he was made defendant in suits for \$50,000 damages each, filed by Irene Marie Brown-Levy, Helen Clo Barker and Jeannette Ellis, three of the young women involved in the case. They asked damages on the ground that the millionaire had committed "high crimes and misdemeanors" against them.

It is understood that the defense will be based largely upon attempts to show that the girls involved in the case were known to be of immoral character before they met Bixby. Detectives employed by the millionaire are said to have traced the history of the girls for the past several years and to have unearthed many facts calculated to aid the defense. Only recently Helen Clo Barker, one of the three girls whose testimony before the grand jury was largely responsible for the indictment of Bixby, was arrested in a downtown hotel in this city with a real estate man. The two were booked on a statutory charge.

WORLD'S GREATEST FARM EXPOSITION

INTERNATIONAL DRY-FARMING CONGRESS TO BE HELD AT TULSA OCT. 22-NOV. 1.

DELEGATES FROM ALL THE WORLD

Every Continent and Every Race to Meet and Discuss and Compare Best Methods for Cultivating Semi-Arid Regions

The world's most important farm convention for 1913 will be held in Tulsa, Oklahoma, October 22 to November 1. Men from thirty nations will attend the eighth annual meeting of the International Dry-Farming Congress there and will tell about methods of farming in all regions of slight rainfall or occasional drought.

Official delegates are expected at Tulsa from every continent on the globe. China, whose farmers have tilled the same lands for forty centuries, will be officially represented by its minister of agriculture, Chun Sen Chan. Tunfa, in north Africa, which has been a dry-farming region since the time of Hannibal, will have representatives in Tulsa to learn even more of the science which its farmers have practiced for 2,500 years. Peru, whose agriculture is as old as history, will have at least two delegates, including the Mirza Ali Kuli Khan. Palestine will send its greatest agriculturist, Dr. Aaron Aaronsohn, who today conducts a huge farm on land which the shepherds used in the time of Christ.

Fourteen governors of states and scores of congressmen have accepted invitations to be present. On top of all these will be tens of thousands of actual farmers who will come from every state in the Union and from every province in Canada to study methods whereby they may increase the yields per acre on their own farms.

The great farm meeting at Tulsa will be held in nine sections, beginning October 27 and lasting five days. The Exposition held in connection with it will begin five days earlier, on October 22, and will last until November 1. One sectional meeting will be devoted entirely to talks about soils, tillage methods and farm machinery.

In other sectional meetings will be studied the home breeding and selection of seeds, live stock and dairying, feed and forage crops, farm forestry, the right kind of education for country boys and girls, farm management and farm engineering.

The real purpose of the International Dry-Farming Congress and of its meetings is to teach methods for the conquest of drought. It has nothing to do with politics, colonization or religion. It is not an agricultural college, neither does it conduct experiment or demonstration farms. It merely collects from all possible sources the available information about methods whereby farmers may increase their yields per acre, the quality of their crops and their bank accounts in all regions of light or irregular rainfall. It then passes this information on, through its annual conventions and its publications, to the farmers in many nations.

The International Congress now has officers in nineteen nations and members in sixty and its influence for the development of farming methods is world-wide. Its work is of especial importance through the southwestern states, all of which are subject to occasional drought which in many seasons cuts the profits out of farming. In even the driest years, however, thousands of farmers are making good through the practice of the new methods which are revolutionizing agriculture. These farmers will be at Tulsa and will help in making the Eighth Congress and Exposition the most important meeting of its kind ever held on the American continent.

FEED AND FORAGE PRIZES.

Silo Men to Compete at Tulsa Dry Farming Contest.

The growth of the livestock and dairy industries in the southwest is today of so much importance in profitable farming that special attention is being paid to feed and forage exhibits at the International Soil Products Exposition at Tulsa. The largest prize ever offered in forage classes in any exposition will be given at Tulsa next October for the best collection, by individual farmer, of grass and forage seeds. The prize will be an Ann Arbor hay-baler and a 6-h. p. gasoline engine, given by the Ann Arbor Machine company of Ann Arbor, Michigan. The baler is adapted for use with any gas power and the winner may select any 6 h. p. gas engine made in the United States or Canada. The value of the engine and baler combined is \$750.

Another big prize is that for the best yield of silage from results announced by affidavits of three reputable neighbors of contestant. Samples of the yield to be shown at Tulsa. The prize is an Indiana Silo valued at \$250.00, given by the Indiana Silo company of Kansas City, Mo. Other special prizes aggregating nearly \$500.00 in value will be given in the feed and forage classes.

A. H. KILPATRICK IS SEVERELY INJURED

Monday afternoon A. H. Kilpatrick was severely injured by falling from his wagon. Noticing that the end gate was about to fall out he attempted to replace it without stopping his team. He became overbalanced and struck the ground with considerable force. It was feared for a time that he was paralyzed, but today he has shown considerable improvement.

BILL ABBOTT FIRED ON FROM AMBUSH

Monday night an unknown party waylaid Bill Abbott near his home three or four miles east of Ada and fired at him two or three times with a pistol. Abbott returned the fire with four or five shots from a winchester but does not know whether any of the shots took effect. He himself escaped without injury. Deputy Sheriff Duncan went out about 2 o'clock this morning and made an investigation, but has not given out anything he might have found.

According to the report Mr. Abbott had noticed some one hidden behind a clump of bushes as he went to church. He returned home, armed himself with a winchester and started to another place some distance away, his family not being at home, and while on the way the assailant stepped out from behind a deserted house and opened fire.

CLOSE OF THE CASSIDY MEETING

The services were all well attended Sunday. The meeting at 3:30 p. m., was conducted for men and boys only. Rev. Cassidy chose for his subject "The Man With a Purpose." His text was: "But Daniel purposed in his heart that he would not defile himself, etc." Dan. 1:8. He is brief gave a short biographical sketch of Daniel's life and his career. He then proceeded to speak of the popular sins of today which defile men. This was one of the greatest sermons of its kind ever preached in Denison and could hardly be excelled when it comes to subject matter and manner of presentation. Rev. Cassidy strongly denounced the sins of intemperance, covetousness, dishonesty, gambling and impurity.

Last night there was a large crowd at the tent. The shower somewhat interfered with the crowd. The song service was fine under the leadership of S. E. Kirby, who has rendered invaluable assistance throughout the meeting. The prayer and consecration service was conducted by Dr. A. W.

Ringland, D. D. Rev. Cassidy read for his scripture lesson Eph. 6th Chapter. He in the main part of his message, told of the conversion of numbers of people while he had been engaged in the evangelistic work.

The invitation was extended and three men came forward and two definitely confessed their faith in Christ. This was the last service of the meeting and all came forward and gave Rev. Cassidy their farewell hand shake.

There will be something like sixty conversions in all and most all will unite with some of the churches of the city.—Denison Herald.

W. C. Duncan was a business visitor to Atoka today.

Ed Harrison was a passenger to Francis this morning.

Dr. M. A. Woodward of Duncan, Okla., is visiting C. T. Angel.

A. K. Thornton returned this morning from a business trip to Dallas.

Dr. J. W. Wimblish was a passenger to Ardmore this morning.

M. Levin was looking after his business interests at Roff today.

Mrs. J. H. Ivey of Pauls Valley arrived Monday to visit Mrs. Lee Smith.

A. L. Beck left Monday for Walloon Lake, where he will join Mrs. Beck at their summer home for a few days.

Fair and warmer, says the weather clerk in speaking of what to expect Wednesday.

R. E. Duncan and R. C. Roland were passengers to Sulphur this morning.

H. S. Williams was in from Fitzhugh today. He reported only a light shower in that vicinity.

Miss Helen Baker's music class is now organized and she is ready to receive new pupils. 120 E. 14th. 132-31.

A. S. Hoover returned this morning from Kansas City where he purchased a fine line of fall and winter goods.

Wick Adair returned this morning from Osage county where he has been employed for some time on a ranch.

Miss Geneva Durham arrived from Stuart this morning and will enter the normal. She reports a fine rain at Stuart Monday afternoon.

Sheriff Mitchell went to Stonewall this morning with a negro prisoner who had a trial coming in justice court.

Mrs. N. B. Stall returned Monday afternoon from St. Louis and other points in that section where she has been on an extended visit.

J. M. Hoover, who came in Monday from Gotebo, reports a regular waterspout Monday afternoon between Byars and Rosedale.

Capt. S. H. Hargis left this afternoon for Chickasha. He expects to attend the Muskogee reunion, however.

Horse, Moon buggy, newly painted, good as new, good harness. For sale or trade at once.—Dr. N. B. Shands. 1td.

Mrs. Ruby Middleton, who spent the summer in Belvidere, Ill., is here for a few weeks visit with Miss Benlah West before going to her future home at Madill.

Judge W. H. Hammond of Francis, passed through this afternoon en route home from a ten days trip to Stephens county. Only a light rain fell there Sunday and things are about as dry as could be imagined.

Sickly children need WHITE'S CREAM VERMIFUGE. It not only destroys worms, if there be any, but it acts as a strengthening tonic in the stomach and bowels. Price 25c per bottle. Sold by Ramsey Drug Co.

Orville Snead returned this morning from McAlester. He was considerably disappointed when he arrived to see that it had not rained during his absence. He says a two-inch rain fell at McAlester Monday afternoon, but seemed to gradually grow lighter as he approached Ada.

Ever Hear About This?

We want everybody in Ada to know about Meritol White Liniment. It will do so much for pains of all kinds, rheumatism, sprains, etc. We have never sold a preparation that we could recommend more highly. Ramsey Drug Company, Ada, Okla. Adv

SECOND DAY OF BAPTIST REVIVAL

The service at the Baptist church Monday evening were full of interest and gave promise of a very successful meeting. Evangelist Williams is a highly interesting talker and can hold any kind of a crowd while he expounds the plan of salvation.

This evening the services will be held outside the church where plenty of seats have been arranged for the congregation. The song service will begin at 7:30 and the preaching at 8 o'clock.

The De Sota offers some good ones this evening. "An Even Exchange" is a fine story of the old stage coach days. Two good comedies, "The Fickle Tramp" and "Horse on Fred" complete the program. The battle of Gettysburg will be here in about ten days.

"The Two Ranchmen" is the title of a fine story of the plains that will be presented at the Majestic this evening. "The Gold Brick" is a lively comedy.

Don't worry over lost articles—A NEWS WANT AD will find them.

Cotton Bringing Good Price.

Cotton has remained today at about the same level as Monday. In the seed it has brought as high as 4.67 and in the lint 13.10. It continues to come in steadily.

DURANT'S PROSPECTS FOR FOOTBALL THIS SEASON

To the football fans of the city of Durant and the local community:

It will be interesting to know some things about the fall schedule and the quality of games we will put on this season.

In the first place, we expect to make the team the best in the history of the school. We will have most of the former players and some of the stars from the Texas A. & M. college of last year, and these together with the high grade of players we already have will make us stronger than ever before. We expect to play only teams of our rank this season. We shall not play high schools except for practice games. We will play several Texas colleges and some of the Normal schools of this state, as well as some of the higher grade colleges and will finish the season in a game with Ada normal here.

A committee will call upon you in

Call Meeting of C. W. B. M.

The C. W. B. M. will meet in a called session Wednesday, Sept. 10th, at the Christian church at 4 p. m. As there is special business to attend to let every member be present.

MRS. WYMORE, Pres.

The Reason for "Ramsey's"

This is a prescription drug store. The business here developed splendidly. One of the reasons for that "WE ATTEND TO IT PROPERLY." Another, the service is prompt. When you bring a prescription here you will experience no delay in having it filled. Furthermore if you cannot wait the few moments necessary, you may leave your address and we will deliver it FREE—anywhere in town. We have filled more than fifty thousand prescriptions in Ada Satisfactorily. RATHER PROUD OF THE RECORD.

RAMSEY DRUG CO., HAS IT

"The Home of Courteous Treatment"

the very near future and we hope that you will respond in your usual good way and support athletics of the Normal, for we expect to make it worth every cent we ask and then some. We must have the co-operation of the good people in order to be able to carry it on successfully. So be ready to take one or more season tickets when called upon by the committee. W. T. Dodson, Manager.—Durant Democrat.

HARRINGTON STOCK CO. AGAIN MAKES GOOD

The Harrington Stock Co. opened a two weeks' engagement in their new water proof tent theatre last night and in spite of the inclement weather played to a well filled tent. The offering last night was the Sweetest Girl in Dixie, and Miss Harrington's portrayal of Barbra Howard (the sweetest girl) was all that could be expected and a little more besides. Miss Harrington held her audience from her first entrance on the stage until the curtain fell in the last act. In her emotional scenes she was natural and graceful and did not over act her part in fact she lived the character, and one forgot they were at a theatre and imagined it was an incident in every day life they were seeing, and everybody said she was the most natural actress than ever visited Ada. The management has surrounded her with a well balanced company as every one done their part well last night and the general verdict is each and every one is an artist in their line of work. Tonight the company presents "Out of the Fold," a companion piece of the Shepherd of the Hills, a play that should be seen by every man, woman and child in America, as it is the prettiest sermon that was ever preached. There were 90 and 9 who safely lay in the shepherd's peaceful fold, but one was out on the mountain side far from the gates of gold. It tells of the rescue of the lost lamb. A beautiful story beautifully told. The comedy is good and wholesome. A beautiful blending of pathos and comedy. High class vaudeville is also introduced between the acts making one of the best shows ever seen in this part of the country. The prices are in reach of all. 10c and 15c.

Attention Royal Arch Masons.

There will be a regular convocation of Ada Chapter No. 26, R. A. M. this evening at 8 o'clock. A good attendance is desired. Business of importance to the craft. All visiting companions cordially invited.

F. C. SIMS, H. P.

Yellow complexion, pimples and disfiguring blemishes on the face or body can be gotten rid of by doctoring the liver, which is torpid. HERBINE is a powerful liver correctant. It purifies the system, stimulates the vital organs and puts the body in fine vigorous condition. Price 50c. Sold by Ramsey Drug Co.

DON'T WAIT UNTIL THE LAST HAIR IS GONE
before applying a good hair tonic. The time to apply such a remedy is when your hair shows the first sign of departing. We have a variety of hair tonics for various kinds of hair trouble. The Maids of Paradise

By ROBERT W. CHAMBERS

the new serial we have se-
cured for our readers.

Paradise is an idyllic French vil-
lage which played an important
part in the war. Fighting is rife
throughout the story, but the domi-
nant note is love and the romance
is one of the most charming ever
done by this well-known author.
You're missing a great story if you
fail to read *The Maids of Paradise*.

SEN. OWEN WILL FILL VACANCIES

Senator Owen will appoint a cadet
at the Military academy and a mid-
shipman at the Naval academy in the
spring of 1914.

Oklahoma boys will be given these
appointments. Senator Owen, follow-
ing his usual custom, will have a
competitive examination in Oklahoma
of all the candidates who are phys-
ically and morally qualified. This
competitive examination will be con-
ducted by the civil service commission
on Wednesday, January 7, 1914, in Ok-
lahoma City, Ardmore, Enid, Guthrie,
McAlester and Muskogee.

A separate examination will be held
for each appointment.

Applicants for the Military academy
22 years of age, at the date of their
appointment, and must not be less
than five feet four inches in height
at the age of 17, nor less than five
feet five inches in height at the age
of 18 and upwards.

Regulations

The minimum age of midshipmen
for appointment to the Academy is 16
years. A candidate is eligible for this
examination if he is 16 years of age
on or before the third Tuesday in
April of 1914, but is ineligible if on
or before that day he becomes 20
years of age.

The candidate attaining the high-
est average in the competitive exam-
ination for the Military academy will
be appointed by Senator Owen as his
principal, and the two candidates at-
taining the next highest average will
be appointed as first and second al-
ternates. After the candidates have
been selected by Senator Owen, they
will be examined by the war depart-
ment officials and if the principal
passes his mental and physical ex-
amination he will receive the ap-
pointment. If he fails, however, and
the first alternate should pass, he
will be given the appointment, and
in the event that he fails and the sec-
ond alternate qualifies, then the sec-
ond alternate will be given the ap-
pointment.

The candidate for the Naval ac-
ademy who attains the highest aver-
age will be selected by Senator Owen
as his principal and the three next
highest will be the first, second and
third alternates, respectively. The
navy department will examine the
principal and alternates and an al-
ternate will be appointed only in the
event the principal fails in his ex-
amination.

Must Have Good Character.

Candidates are required to be of
good moral character, physically
sound, well formed and of robust
constitution.

Any Oklahoma boy desiring to take
this examination should address his
formal application to Hon. Robert L.
Owen, United States senate, stating
whether he desires appointment to the
Military academy or to the Naval
academy, giving his full name, age,
town and county in which he lives
and the length of time he has resid-
ed in Oklahoma. He should also
name the city in which he desires to
take the examination. This appli-
cation should be accompanied by tes-
timonials of at least three reputable
citizens of the town or county in
which the candidate resides as to his
moral character.

Before a candidate will be permit-
ted to take the examination, he will
be required to submit to the exam-
ining officer a certificate from his
physician, showing that he is phys-
ically qualified for the appointment in
the event that he passes the mental
examination.

The principal and alternates elect-
ed by Senator Owen for the Naval
academy will be examined by the
navy department at Annapolis, Mary-
land, on the third Tuesday in April,
1914, and the principal and alternates
selected for the Military academy will
be examined by the war department
at Fort Leavenworth, Kan., on the
last Tuesday in April, 1914.

When the bowels feel uncomfortable
and you miss the exhilarating feeling
that always follows a copious morn-
ing operation, a dose of HERBINE

RAIN FALLS OVER MUCH OF STATE

Nearly every county in the state of
Oklahoma was visited Monday by
heavy rains which will relieve the
water situation in many towns and
cities where a shortage was threat-
ened; aid in the growth of pasturage
and provide water in northern and
western Oklahoma for livestock; soft-
en the ground for fall plowing in all
sections and permit the resumption
of oil drilling in those sections of the
Oklahoma fields where it has been
prevented by lack of water.

Heavy clouds in nearly every sec-
tion Monday night indicated that the
precipitation was not yet over and
more moisture in many sections was
expected. In east central Oklahoma
it still was raining at a late hour
Monday night.

In northern Oklahoma, the mois-
ture was welcomed by stockmen who
were nearly out of water. This was
the case in Kay, Noble, Osage, Grant,
Garfield and other counties, although
the precipitation according to reports
was less in Garfield than in the others.
At Enid more rain was expected
Monday night.

In the oil fields, drilling will be re-
sumed where heretofore prevented.
Okmulgee county reported a heavy
precipitation, and that county has
been the center of the district affect-
ed.

The wheat district of the state will
see activity in fall plowing and plant-
ing now and in every section prepara-
tion of the ground for spring crops
will be started, according to reports.

REPUBLICANS OF MAINE ELECT CONGRESSMAN

Portland, Me. Sept. 9.—John A. Pe-
ters, republican of Ellsworth, was
chosen to fill the congressional vac-
ancy in the Third Maine district
Monday by a plurality of 553 over
Mayor William A. Pattangall, dem-
ocrat of Waterville, with Edward M.
Lawrence, progressive, a poor third,
in the race.

The returns in this special elec-
tion from all but a small plantation
gave:

Peters, 15,106; Pattangall, 14,563;
Lawrence, 6,487.

The vote for president in November
was: Wilson, 14,692; Roosevelt, 13,236;
Taft, 7,159.

The election, made necessary by
the death of Forest Goodwin, the re-
publican representative from that dis-
trict, was fought out on national is-
sues with speakers of national promi-
nence stumping the district for the
republican, progressive and demo-
cratic candidates. The voters re-
sponded to the appeal in larger num-
bers than voted at the last presiden-
tial election.

Improved Idea for Dirigibles.
Masts used by the British army for
anchoring dirigible balloons carry at
their tops cones into which the noses
of the balloons fit.

Notice for Hearing Petition for Ap-
pointment of Administrator.

STATE OF OKLAHOMA,
COUNTY OF PONTOTOC—SS
IN THE COUNTY COURT.

In Re: Estate of Humphrey Colbert
Deceased; Leonard S. Williams, Ad-
ministrator. No. 1169.

To the heirs, next of kin, and credi-
tors of Humphrey Colbert, de-
ceased and to Leonard S. Wil-
liams, administrator, of the es-
tate of the said Humphrey Col-
bert, deceased.

You and each of you are hereby
notified that on the 5th day of Septem-
ber, 1913, Edward I. Harrison filed
in the above entitled matter, his pe-
tition praying that Leonard S. Wil-
liams be removed as administrator
of the estate of Humphrey Colbert,
deceased, and that his letters of ad-
ministration be vacated and revoked
and that S. J. Robinson, a resident
of Pontotoc county, State of Okla-
homa, be granted letters of administra-
tion of the aforesaid estate.

That on the said 5th day of Sep-
tember, 1913, the Court made and en-
tered an order suspending the pow-
ers of the said Leonard S. Williams,
as administrator of said estate un-
til the day set for the hearing of
the petition of the said Edward I.
Harrison.

That said petition will be heard
in the court room of the said court
in the city of Ada, county of Pon-
totoc, state of Oklahoma on the 29th day
of September, 1913, at 10 o'clock a.
m., at which time and place any
person interested may appear and
show cause, if any they have, why
petition should not be granted.

Witness my hand and seal of said
Court hereunto affixed this 5th day
of September, 1913.

I. M. KING, County Judge.

"Out of the Fold"

MAIN AND CONSTANT

Colorado's Great Health Congress.

Colorado Springs, Colo., Sept. 9.—

Five hundred physicians, health of-
ficers, sanitary engineers and bacteri-
ologists from the United States and
Canada and Mexico have come to this
city to attend the annual meeting of
the American Public Health Associa-
tion, which opened today and will
continue until the end of the week.
A wide range of subjects for discus-
sion, touching the preservation of
public health, has been prepared.

Government, state and municipal
health officers will participate in the
general sessions. Dr. Carl Alspers,
head of the chemistry bureau of the
department of agriculture, will speak
on the "Function of Federal Authori-
ties." H. E. Barnard of the State
Board of Health of Indiana will con-
sider what state authorities can do,
and the work of municipal authori-
ties will be discussed by no less a
leader than Dr. Ernest J. Lederle,
health commissioner of New York
City.

Numerous other speakers of wide
prominence will be heard. Bailey B.
Burritt, of the department of social
welfare in New York, will tell of the
place of volunteer organizations, and
this force among those at work for
public health will be generally outlin-
ed and explicitly defined.

Dr. W. T. Sedgwick of the Massa-
chusetts Institute of Technology and
Dr. H. D. Pease of New York will dis-
cuss the health supervisions which
organized industries have imposed on
themselves. Industrial and occupa-
tional hygiene will be further dis-
cussed by Dr. John B. Andrews of
New York and C. T. Graham-Rogers
of the New York State Department
of Factory Inspection.

Other topics that will be taken up
by the congress and exhaustively dis-
cussed will be the public health as-
pects of the candy industry, milk
pasteurization, the dangers of the
house-fly, the transportation of food
products, the medical inspection of
schools, the progress in the fight
against tuberculosis, and the increas-
ing mortality from cancer in the
United States and foreign countries.

NORMAL Y. M. C. A. WILL HOLD RECEPTION

Thursday evening at 8 o'clock the
Y. M. C. A. will hold a reception at
the normal for the purpose of get-
ting acquainted with the new stud-
ents and securing more members for
the organization. Addresses will be
made by a number of prominent men
of Ada. Everybody cordially invited
to be present.

Rev. B. F. Peck was in from Cen-
ter today. He was buying seed wheat
which he will sow for fall pasturage
and stated that he advised other farm-
ers to do likewise. He estimates the
yield of cotton in that vicinity at
about a quarter of a bale to the acre.
About 100 tales have already been
ginned.

C. W. GRAVES WRITES FROM LOS ANGELES, CAL.

Los Angeles, Cal., Sept. 3.

Ada Weekly News:
Dear Editor:—I received my paper
this morning and was surely proud
to get it. I was glad to hear from
Ada. I am enjoying the cool, balmy
breeze in Southern California. It is
very nice here.

Last Sunday afternoon my young-
est daughter and myself had the
pleasure of being in the home of
our old friend, Duke Stone, and his
lovable wife, Mrs. Ella Stone. God
bless their home. They are both look-
ing well. They have a sweet little
daughter. She can sing and whistle so
sweet, it would do your heart good
to hear her.

My dear Editor I wish you were
here to enjoy the cool breeze with
me and to see the lovely homes, with
their pretty lawns, and most beauti-
ful flowers, I like the people, at least
those I have met, most of them are
Southern people.

By the way Mr. Editor, there are
some wealthy widows here. Don't you
think you would like to come here?
Now don't blush, keep normal.

Your friend,

C.W.GRAVES.

Good Time Now for Blood Health

Warm Days and Proper
Help do Wonders for
the Blood.

A few doses of that wonderful blood
purifier, S. S. S., will start activities in
the cellular tissues of the body and
soon show decided changes in the skin.
The skin is but a fine network of tiny
blood vessels, and the specific action of
S. S. S. is declared to be a pronounced
stimulation of the activity of these
cells. Certain it is that in a surpris-
ingly short time any skin eruption
shows a most remarkable change; it
begins to dry up; the skin scales off
in tiny flakes, and soon a layer of
clear, healthy and firm tissue results.
The reason for this is in the peculiar
stimulation of S. S. S., which enables
the cells in the skin to select from the
blood the nutrient it requires for
regeneration.

This fact has been demonstrated year
in and year out in a wonderful number
of cases of severe skin diseases that
had seemed to be incurable.
You can obtain S. S. S. at any well
stocked drug store, if you insist upon
it, but be sure you are not talked into
something "just as good."
S. S. S. is prepared by the Swift Spec-
ific Co., 180 Swift Bldg., Atlanta, Ga.
Write for their illustrated book on
skin diseases.
